Dear editor,

Could Mysti May be any hotter? She's the perfect combination of woman and girl. Her youth and exuberance shows in the pictures, yet there is an experienced side that shows also. Her hair is brown and blonde. Her boobs are pert yet hang just a little. Obviously she's in an evolutionary phase that we get to see, thanks to your photographer catching her in her prime. Mysti, enjoy what you have. Time is a cruel mistress, but I'm sure you can beat her at her own game. I'd love to see more of you later.

Hi-

THE OFFICE PARTIED

I have to write to you because I have no other outlet. The days of Dear Abbey and Ann Landers are almost gone and they only want short, easy to answer letter. I live in the Dallas area with a great husband and family. Last weekend was our company office party. I work for a large oil company supply business and they had rented out the rooftop pool at the Joule Hotel downtown. It wasn't a big group, maybe fifty or sixty tops. There

downtown. It wasn't a big group, maybe fifty or sixty tops. There was a few from the Houston office that had come up and were staying at the hotel. I've been with the company about five years so I knew everyone and it seemed like all were having a great time.

I arrived about 8 pm and headed straight for the bar, getting food and drinks. After an hour of intense mingling and constant smiling I went to the rest room and on the way I bumped into a woman, very stylish and pretty, around 40ish, saying sorry. When I opened the stall door, I saw the women standing at the mirror turn towards me, smiling. She said, "We haven't met before, have we?" I walked over near her to the sink to wash, looked at her carefully and said, "I'm sorry, if we have, I don't remember." She replied, "Well I'm Ally, and you are?" "Oh sorry, I'm Nicole." "Well Nicole, I must say you're very pretty and I'd sure like to get to know you."

I was stunned and blushed and said thank you. She went on to say she was from the Houston office with a few others and was the office manager down there. She invited me to their table and introduced me all around. Ally invited me to sit down for a minute, which turned into ten, which turned into thirty and by then I felt like I knew them all pretty well. Four glasses of champagne also helped with the intros.

Then I felt Ally put her hand on my leg and looked me in the eye. I felt light headed but still having fun as some of the ladies got up to dance. Ally asked me to sit and talk in her soft, sexy Texas drawl, so I did. But as the rest left the table, Ally's hand started to go higher a little at a time until I put her hand over hers but Ally just keep going; her finger tips now touching my panties and I knew I had to stop this but, for some reason didn't. Now Ally's fingers were rubbing harder and my body was giving in even if my mind knew better.

Just as the women came back to the table, Ally mouthed 'kiss me' to me. I was shocked but so turned on she leaned in and kissed Ally open mouth – hard and with passion.

The dancing women returned and giggled. Ally pulled back, looked at me and said goodbye to her friends, that we were leaving. I turned to the ladies saying bye and got up as Ally put her hand on my ass and led me out of the pool area.

As we kissed Ally undid my top and pulled my boobs free and lowered her head to them, kissing, licking, biting, sucking, and I was moaning loud and begging her not to stop.

Ally led me to her room and once inside pinned me up against the door and kissed me with a passion had never felt before. As we kissed Ally undid my top and pulled my boobs free and lowered her head to them, kissing, licking, biting, sucking, and I was moaning loud and begging her not to stop. Ally did stop and stepped back saying that she's sensed I have not been with a woman before. I just say 'no' meekly. Ally then takes me in her arms and asks if I am sure I want to do this because she will own my body if we continued.

I nod and Ally strips me sucking my tits as she leads me to the bed and kisses and licks my whole body. She nibbles at my nipples leaving love marks and then kisses my inner thighs. Soon she is attacking my pussy with a passion that sent me into orbit. My first orgasm with a woman and it was heavenly. Ally raises up and gently pushes my face into her neatly trimmed bush saying just do what comes to you. Do to me what you like done to you. And that's when I tasted my first pussy. It was sweet and so wet and I loved the control I had while licking her clit hard until she screamed and came on my face. After about and hour I told Ally that we should get back to the party. Ally said no, the party is fine without us. We cuddle, kiss and fuck a couple more hours until I sober up a little and realize I need to get home.

Ally insists on driving me in her rental and as we pull into my driveway, Ally pulls me close and kisses me deep and hard then opens the door for me and again leads me by my ass to the door. As I open the door, Ally reaches under my dress

and grabs my pussy, moaning soft not wanting it to stop until I hear my husband call out, "Nicole, is that you?" I push the door open and call him over to meet Ally. "She was kind enough to drive me home. I must have drunk too much." "

"Why didn't you call me - and where's the car?" he asks. "I left it locked up at the hotel." Ally then speaks up, "I'll pick you up tomorrow and we can have lunch and then you can get the car." I say 'yes', and Tom says "Well okay, and glad to meet you." Then he goes back to the TV. Standing near the door, Ally kisses me and slides down on her knees pulling down my panties and licks my pussy for one last tease. She rises and brushes my cheek singing, "See you for lunch."

LITTLE SHOP OF BONERS

I'm a security guard in a office skyscraper in Midtown Manhattan. I saw her as soon as she got off the elevator, walking across the hallway in that short skirt she had on. I told her to be careful because the floor was wet and she smiled at me and said thanks. She was a looker. She walks into the small stationery store right next to my station near the elevators.

Some fifteen minutes later I returned from my rounds inside the mall area and noticed that the door hadn't closed properly to the stationery shop. There was an opening of about two inches, just wide enough that I caught a glimpse of a sight I won't ever forget. There was that pretty girl, on her knees, right in front of that Freddie guy. You

know the type. The young stud. Nice looking kid. Not much else going for him. Well, he's sitting at his desk with his pants down to his knees, sucking him off. Well, I've a security guard for twenty-two years and I thought I'd seen it all. Until then.

I stood at the doorway peeking in at this incredible sight. She would take his penis into her mouth and hold him there, then very deliberately drag her lips all the way off. I watched her do that a number of times and it was pretty obvious that this Freddie guy was enjoying every second of it. Admittedly, so

I could see he was getting close because he had his hands wrapped in her hair, forcing her to take all of his dick in her throat. No problem for this girl. She kept sliding him in and out, lunging down onto his cock. I thought he would cum in her mouth but instead she got up and turned around. I watched her skim out of her little panties. Her pussy was shaved bare. She leaned across his desk, legs spread, with

his cock into her. Freddie probed her slit with his cockhead once or twice then sank in to the balls in one stroke. That did it. I shoved my hand into my pants down and grabbed hold of my woody. That Freddie kid had her by the hips and was pounding her pussy from behind with so much force that he actually moved the desk. I stood at the doorway, stroking my cock, watching this unbelievable scene unfolding before my eyes. Then I got careless and bumped the door.

The guy didn't hear it, but the girl did. She looked up at me - and to my amazement, she smiled. I smiled back and continued to jerk off. She never took her eyes off me after that. She started to hump back against him. Reaching up with one hand, she yanked her top up, exposing her breasts to me. They were nicely shaped and her nipples were hard as diamonds. She put on a show for me. Wiggling her ass, pinching her nipples, licking her lips. I momentarily wondered how I was going to explain a pool of cum

on my pants.

But all good things come to an end. Freddie's stroke became more erratic, his breath ragged. He lunged into her and tightly grabbed onto her bare boob with one hand, the other yanking her hair backwards. He drove her hard as spurt after spurt coated her insides. Soon after, he sagged into his chair, his cock wet with his cum. The girl turned towards him. Kneeling down, she took his cock back into her mouth. I saw her gingerly stroke his balls while he gently stroked her hair. I had a clear view of her wet pussy. Her pussy lips were swollen and red. Having finished, I thought it best to leave at that point.

About five minutes later she was standing at the shop's door. Turning back, she waved 'bye' to Freddie. She was dressed as she was when she first came in. She closed the door and walked to the elevator bank and pushed the up button. As the elevator arrived and the door slid open, she turned to be and blew me a huge kiss and smile.

a woman wants what she wants...

I've been told I have a really tight ass.

So I'll have to describe myself even more. I have dishwater blonde hair and sexy (so I've also been told) blue eyes. I'm 5' 8' and slim and trim. I have perky 36C titties and perfect quarter-size nipples. Anyway, there's this guy I've been lusting after for a full year. He's tall, dark hair, good looking with an athlete's body. Whenever I saw him at the coffee shop, I would stare longingly until he was out of sight. My best friends teased me about it but I couldn't get him out of my head. I tried to imagine what kind of fuck he was. I have to find out, soon!

I imagine it would be passionate, aggressive, fulfilling. Our tongues would be jousting inside each other's mouths. I'd bite his lower lip and run my tongue across it. He would grab me and throw me against the wall. His hands would be all over me, big and strong; grabbing me all over; squeezing my boobs and slapping my ass. His hands would find their way under my shirt as he nibbled on my neck. I would be on fire at this point, wet and longing for him to touch my bare skin. I wouldn't be able to take it anymore. I'd rip his shirt off and kiss his neck. He'd follow suit and rip my shirt off. Squeezing my boobs and my bra would come off next and he'd attack my nipples with his touch. Sucking and nibbling on them. I would be getting wetter, the desire was immense. My hand would rocket down to his jeans, his hard cock throbbing inside them. I'd grab his cock and rub it through his pants. Oh god I wanted it. It was so ready for me as hard as it was. He could tell how bad I wanted him and he wanted me just as much if not more. He would start rubbing my pussy through my jeans. He would feel the heat emanating through them and his cock would get a little harder and I would squeeze it a little more.

We would make eye contact and see nothing but lust. We would rip off each other's pants at the same time. And as we would stand there in our underwear, we could do nothing but lunge at each other. It was all grabbing and rubbing and kissing and biting. We need-

ed each other more than anything else. Then he would throw me on his bed and rip off my panty. He would slowly kiss me from a long, hot, lingering suck on my bottom lip; to my neck on the sweet spot that always gets me; to each nipple, sucking each one forward, causing a small moan to escape my lips; then down past my belly button, flicking his tongue inside it, to just above my clit on my shaved mound. He would smell my lusty, female scent and need every ounce of strength inside of him to not fuck me right there. He wanted to tease me and make me beg. And knew, as I did, that he was about to give me the fucking of my life.

He'd slowly kiss around my pussy. Sucking and nibbling

on my labia. I would be moaning at this point, my pussy getting wetter with each passing moment. He knew how to tease me, he knew to avoid giving me what I wanted so I would beg. I tried to hold out but I didn't moan as loud as I really wanted to; I had to be resistant to him or he would have all the control. Then suddenly I'd feel his tongue slipping more and more closely to my clit. I couldn't take it anymore and I'd scream out for

...and then some

him to fuck me with his mouth and tongue. With that, he'd go for it and not stop until I came.

His tongue would slither into my pussy, past the folds of my lips, right onto my wet, hot, longing slit. I was screaming, moaning his name constantly under my breath with each pass of his tongue over my pussy. He was purposely avoiding my clit, making me wait for what I really wanted most. My hands were on the back of his head, pushing his tongue deeper inside me. My juices were flowing and that familiar feeling was just emerging inside of me. My moans were getting throatier and I knew he could tell he had me on the verge of a powerful orgasm. I was in ecstasy. My back was arched and my moans were continuous and deep. My hands were on his head and my fingers gripping his hair. My body shook as I came the hardest I ever had in my life. It took me about a minute before the convulsions stopped and I slowly eased off the wave of pleasure that had rushed over my body. His eyes were locked onto mine and I saw how much my orgasm had turned him on. I wanted nothing more than to return the favor.

I lunged at him shoving my tongue inside his mouth.

My fingers were running through his hair and I was grinding my wet pussy against his rock hard cock. I pushed him back against the pillows and slinked my way down and kissed him on the muscles that pointed me to what I really wanted. His cock sprung out at me.

It was a bit larger than normal and so hard it was throbbing. I grabbed his cock and felt the smoothness and hardness of it. I kissed the tip, which was a bit slippery with his precum. I knew how bad he wanted me and that alone was enough to make me cum again. But I had work to do. I started to kiss him all up and down his shaft. Running my lips against it and sometimes the tip of my tongue would graze it. I made my way back up to the tip. I sucked it into my mouth and at this point his hands made their way to the back of my head. His eyes were closed and his mouth slightly open. As I slowly sucked him, my tongue would slide across the bottom of his shaft. I heard grunts of approval as I pushed his cock further down my throat. It was sliding in and out of my mouth fast and rough and it was becoming slicker. I felt his cock twitch and grow slightly; hardening from my tongue's lashing.

As I slowly sucked him, my tongue would slide across the bottom of his shaft. I heard grunts of approval as I pushed his cock further down my throat.

My pussy was getting wetter, I loved how bad he wanted me. I moved to the front of the bed and stuck my ass in the air, spreading my legs a little so he could see my puffy, slippery slit. He grabbed my hips and slowly slid his hard cock inside me. I felt my pussy gripping him and holding on to it. His path started out slow, he was being gentle with me and it was getting me

hot. I wanted more. I started moaning, and with that he started ramming me. His cock was sliding in and out of my dripping pussy fast and hard. My body was flying forward and coming back onto him with each thrust. He started to slap my ass, loud and hard and I could feel the handprints beginning to form. He then reached

forward and grabbed my hair. He pulled my head backwards and fucked me even harder. With that he leaned forward and pressed his thumb into my clit and started rubbing. That was the final straw. I started cumming all around his cock. He never slowed his pace, ramming his cock into my pussy and my juices flowed down onto

My favorite position is cowgirl and I gladly hopped

right on top of him. I started sliding my pussy onto his cock. My whole body was tingling. I started to bounce up and down on his cock. I could feel it going deeper and deeper inside of me. I was moaning and squeezing my boobs as his cock was going in and out of me. I sped up my pace, rubbing my clit as we bounced on the bed and rode on him faster and faster.

He flipped me onto the bed with that and pushed my legs back. My pussy was staring up at him, begging for more. He grabbed my hands and held them above my I got him.

head. I couldn't move from my position, I was completely submissive to him at this point. This only turned me on more as he rammed his cock into me. I could feel it hit the deepest region of my insides. He continued to fuck me that deep and got faster and faster with each thrust. I was on cloud nine, my pussy was gripping his cock like a vice. My hand now moves down beneath his balls, I spread my knees to push his thighs apart. My slick fingers push over his warm anus, coating it

with my wetness, driven wild by thoughts of him doing this to me sometime, knowing how good this is, knowing his response will inflame me further, even on the heels of orgasm. My fingertip rests there, then his slight wiggling urging me on. My eyes

watch his expression change from second to second as I increase the pressure.

His cock thrusts, lifting, the increase in size and girth noticeable as I push my finger further in and curve it gently, wiggling it within his opening, being tender. I know these smallest of motions translate hugely down there. My eyes watch him as his grunts of pleasure build fires in me, that quickly devour my self control. I let my finger push into him to the second knuckle. Curving that finger forward, stroking, thrusting, twisting slowly inside him. Bending my head to place my mouth over his cock again, sealing around the crown. The first spurt of his cum floods my mouth and I swallow what I can, then back my lips from his cock to let his cream fly in ropes over my face, my mouth open to catch the spray. I drink in the rest. I let my finger work out of him in thrusts, each one a little shallower than the last, in sync with his convulsing muscles, listening still to the hoarse gasps and groans of his orgasm, knowing then that I can't possibly rest until I cum again.

I started to cum again as his cock worked it's wonders in and out of my mouth. Just as that orgasm ended, he pumped harder and another one began. I looked at him, my perfect man doing everything I wanted in a lover. I had finally gotten what I had been lusting after, and I was beyond satisfied. I wanted him and in my fantasies,
